Ishida Europe projects have employed Elmleigh Electrical many times over the last 5 years of my time as Installations Manager. I have found them to be very reliable, flexible and competitive in the electrical control, and electrical installation sector.

The engineers are highly professional, flexible and easily site managed, with an excellent understanding of site Health and Safety, and I have found the documentation and the office support to be accurate and speedy.

I have always found Elmleigh, a very positive, can do company who will take on a challenge, no matter where in the world they may be asked to attend.

I would without hesitation I recommend Elmleigh with confidence.

Tim Rumble

Installations Manager

Ishida Europe Ltd.
